In the real declaration the blanks are filled in within the text and the footnotes are not reproduced.

The blank template, and how to fill it in:
itria.io/en/dichiarazione-fornitore-lungo-termini

Template built by Itria. Not an official form. Have your freight forwarder or accountant check it before you use it.

If you redo this by hand for every order, a system can do it from the data you already have and leave it for a person to approve. Itria builds that system: itria.io/en/contatto
